## SPEEDHIDE® ZERO INTERIOR ZERO VOC LATEX PAINT

### Professional Quality. Zero VOCs\*.

PPG's *Speedhide zero* is a professional line of zero VOC\* interior latex paints that not only allows you to meet green specifications, but provides outstanding durability, ease of application, and good hide and coverage on the job. *Speedhide zero's* low odor allows painters and maintenance professionals to paint in occupied spaces with very little disruption to everyday activities.

PPG's *Speedhide zero* products meet LEED® VOC requirements in all relevant classifications and complies with MPI, GREENGUARD® Environmental Institute, and the Collaborative for High Performing Schools (CHPS) Low-Emitting Materials criteria. Performance, ease of application, professional quality and zero VOC\* formulas make *Speedhide* the perfect choice for those wishing to paint while minimizing environmental impact.

### Your Voice of Color

*Speedhide zero* formulas are available in flat, eggshell and semi-gloss, as well as a sealer/primer to complete your commercial painting system. Available in a variety of bases, *Speedhide zero* works with PPG's The Voice of Color® program to provide a wide color range and professional color tools to meet your most demanding design challenges.\* Visit [www.voiceofcolor.com](http://www.voiceofcolor.com) for color-perfect design and decorating assistance.

\* Colorants added to this product may contain VOCs.

### Results You Expect From PPG

PPG is the commercial brand you can depend on to meet the need for high-quality paint and trusted reliability. PPG-branded products are available nationwide at any PPG Pittsburgh Paints® and PPG Porter Paints® retail locations as well as numerous independent dealers.
